

The Limitless™, by its very name, offers limitless features but yet, it will fit into almost any backyard! Designed off our highly sought after model, The Ultimate™, The Limitless™ offers all of the features of The Ultimate™ but is reduced in width to 12' 6" and is available in both a 26' and 30' version. The reduced width enables this feature-packaged pool to fit into backyards where space is limited.

The Limitless™ offers a full size built-in square spa that integrates seamlessly into the overall pool design. The built-in spa has the option to either run off the pool filtration system or operate through a separate filtration system and heating unit. The spa has some clever overflow channels with two spillover ledges, through which water cascades into the pool, creating a beautiful waterfall effect.

The Limitless™ has a splash deck at the shallow end of the pool that is ideal for fun and relaxation for all members of the family. The kids love playing in the shallow water, especially the young ones. The splash deck has a broad entry step onto the splash deck and then from the splash deck down into the pool making entry and exit into the pool easy.

In the deep end, The Limitless™ offers a deep end swim out bench and entry and exit step for swimmers. The depth of The Limitless™ enables even the tallest of swimmers to get a decent swim and the deep end area is ideal for swimming and playing water games.
