

Infinity™ in Ebony Blue

“If you want me to stay sane, I need water.” So said an accomplished musician who, when touring, makes sure that she is always near a swimming pool. If this fits your personality, then we suggest that you take a look at The Infinity™ which represents this sentiment of the more water, the better.

The Infinity is a classic, rectangular design that provides a clean, contemporary look. It allows for end-to-end swimming for exercise and fitness with 40 feet of length. It also features entry steps on both sides of the shallow end with accompanying benches which also makes it idea for hosting family gatherings and neighborhood pool parties.

The large bench areas on either side of the shallow end can be fitted with optional spa jets to provide both a unique water feature effect as well as providing relaxing and soothing area to sit and enjoy the pool area.

In the deep end, the pool is 8’ deep and provides a generous body of water and meets the requirements to allow for a residential type 1 diving board. Truly a fantastic pool for the whole family.

LENGTH	WIDTH	SHALLOW END DEPTH	DEEP END DEPTH
40'	15' 6"	4' 1"	8'
