The Pinnacle™

Pinnacle™ in Ebony Blue
*This pool installed with vanishing edge (not standard)

The embodiment of space has been redefined by the creation of The Pinnacle™. On the drawing board, Leisure Pools® wanted to push forward the idea behind The Ultimate™ and take the elements to a new level.

The result is the collaboration of expansive planes and a modern design that speaks volumes of its potential in both landscaping opportunities and range of activities.

The Pinnacle™ features a full width entry step at the shallow end providing access to a grand splash deck area for little ones to play or large reclining chairs to be located. The full width entry step gives flexibility in the placement of the pool in relation to the house to provide optimum entry and exit into the pool.

The Pinnacle™ has good depths in the deep end providing even the tallest of swimmers a good swim area. The deep end also has a deep end swim out for relaxation and entry / exit steps on either side providing great access for swimmers.

Over all, Leisure Pools® is proud to push the boundaries of swimming pool innovation and present to you the most expansive rectangular pool in our line to date. Delightfully clean in design, and perfectly practical in nature, The Pinnacle™ is a one of a kind pool for your dream backyard.
