The Reflection™

Reflection™ in Sapphire Blue

The Reflection™ is one of the sharpest designs from Leisure Pools®, and is a pool that many would consider to be “simply perfect.” With the shapes and sizes of home lots constantly evolving, The Reflection™ offers not only versatility in terms of placement on your block, but also a classic structure that will suit any home, while maintaining the practicality that you expect from a swimming pool.

This stylish rectangular swimming pool has entry steps perfectly positioned at both ends of the pool with a bench seat that runs the length, capable of accommodating a variety of activities without compromising swimming space.

The Reflection™ is simple and elegant, featuring square corners that epitomize contemporary design, which lends itself to unlimited landscaping options that will reflect your aesthetic style.

The full-length bench and steps on one side of the pool ensures the deepest part of the pool is located away from any house foundations. This can often allow the pool to be situated closer to the home which is a great benefit where space for a pool is limited.

The Leisure Pools® Reflection™ offers structural functionality, swim sensibility and timeless design to suit your design needs now and in the future.
