The Palladium Plunge™

Palladium Plunge™ in Crystal Blue

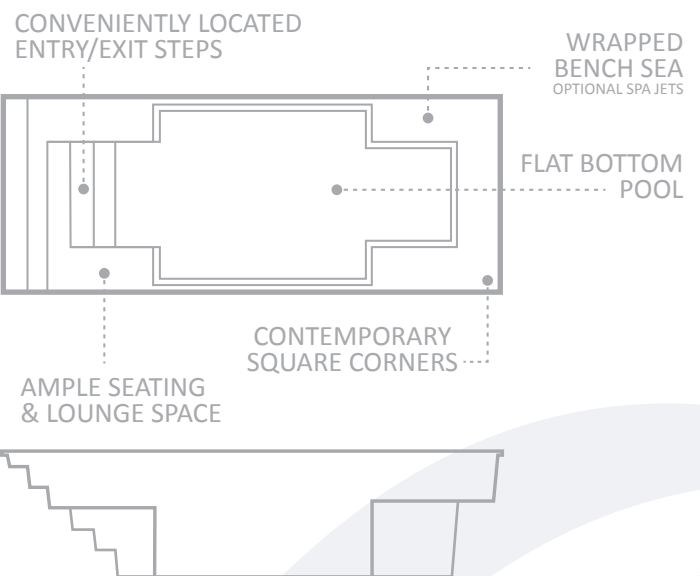

In many areas these days, the available space for a swimming pool is becoming limited. Smaller building blocks and larger homes are squeezing the space for a pool.

Even so, many homeowners still desire the pleasures offered by their own swimming pool. This trend toward smaller and smaller swimming pools had led to the development of the plunge pool. The plunge pool, more than any other style of swimming pool, is becoming increasingly popular.

Plunge pools don't just serve as a place to cool off and relax as many homeowners now see them as a landscaping statement.

The Palladium Plunge™ is the ideal pool for smaller yard sites. It makes a great centerpiece for a courtyard scene with plenty of options for landscaping. The Palladium Plunge™ can be fitted with optional therapeutic spa jets.

The smaller courtyard-style plunge pools are also much less expensive to heat if you should want to extend your swimming season.
